New Driver Program

The New Driver Program at Professional Driving Systems includes 24-hours of classroom instruction and 8 hours of Behind-the-Wheel (BTW) Training. Classroom instruction is taught with a hands-on, interactive approach. BTW Training incorporates additional exercises not required by the State and not offered by other driving schools in this area such as: off-road recovery, braking exercises, and evasive maneuvering. Please see below for more detailed information.

We would like to say Thank You to our community for your continued support!

At this time, Professional Driving Systems is not accepting New Driver Program registrations.

We are currently booked through March 2024.

April and May 2024 class sessions will be posted online on October 3rd, 2023, at 10:30 a.m.
